

# Waste & Recycling Guide

Valid from April 2011

## Regent's Canal

### Little Venice to Limehouse

This guide can help you locate waste and recycling facilities along The Regent's Canal.

British Waterways provide waste bins, marked with a  symbol. Also shown are third-party recycling points that are easily reached from the canal. Some are located with or near our own waste bins.

See the Recycling Directory on page 2 for details and directions.

#### Did you know?

Fly-tipping costs **£250,000** and **4,000 staff hours** each year. These resources would otherwise be spent improving the canals.

Fly-tipping is a criminal offence under Section 33 of the Environmental Protection Act 1990 for which the maximum penalty is an unlimited fine and/or five years imprisonment.

## How do I dispose of...?

### Glass, Paper, Cans and Plastic

- There are convenient recycling banks all along the canal, see the directory on page 2

### Household Items

- Sell them (e.g. Gumtree, Ebay, local listings)
- Give them away (e.g. to friends, Freecycle)
- Council sites (for recycling or disposal)
- Return electricals to retailers (WEEE scheme)

### Oil

- Council sites (for recycling or disposal)
- Find a site: [oilbankline.org.uk](http://oilbankline.org.uk) / 08708 506506

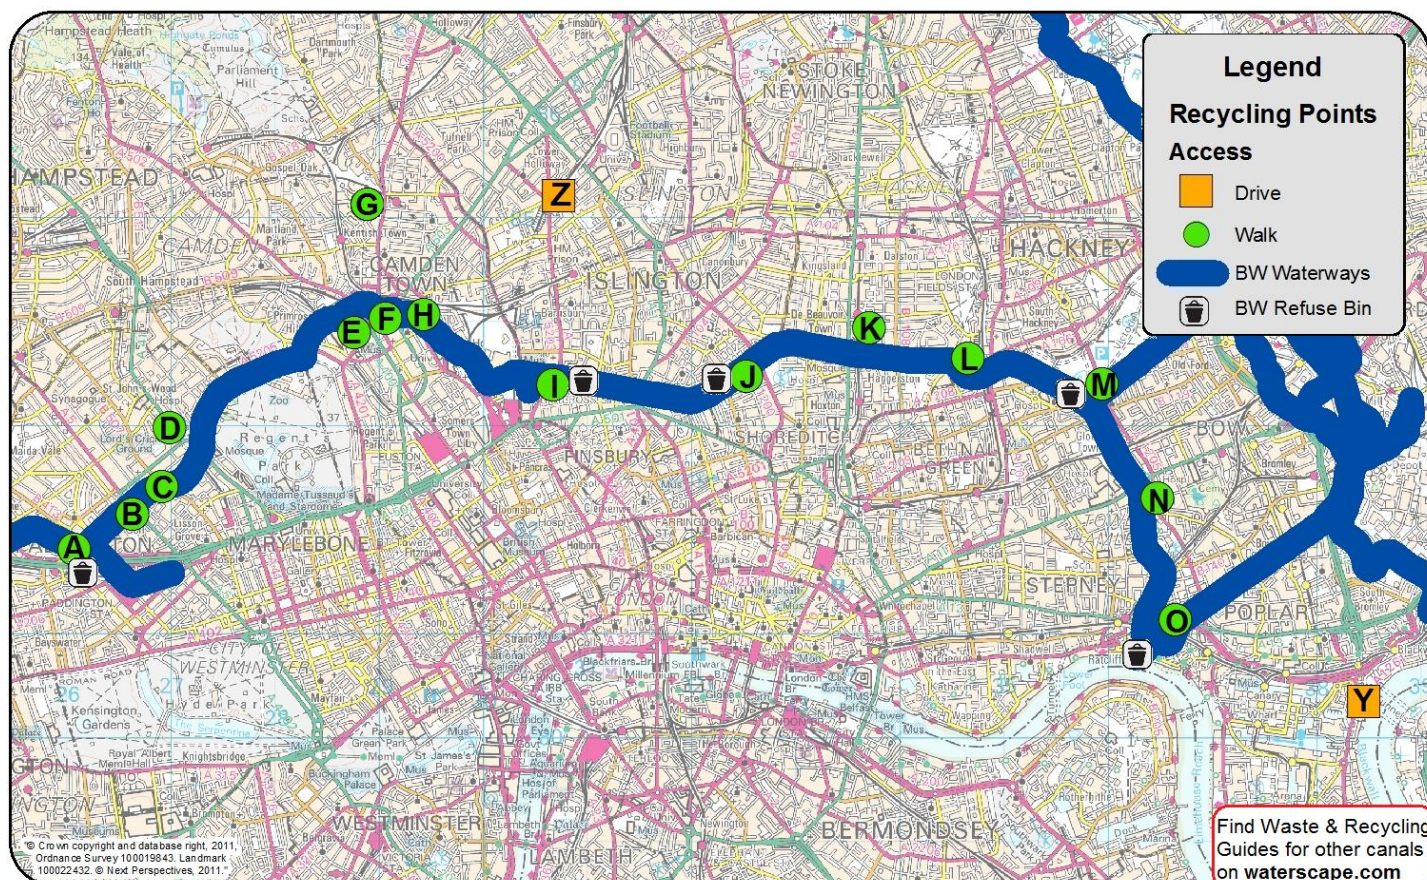

### Bulky or Unusual Items

- Council sites (for recycling or disposal)

### Refuse

- If it isn't possible to recycle your waste place it in a BW waste bin (see map for locations)
